Black Friday For The Greater Good

Black Friday is rapidly approaching, but before telling you about some of our great upcoming deals, I wanted to take a moment to tell you a little bit about Scruffy Paws and our commitment to cat charities.

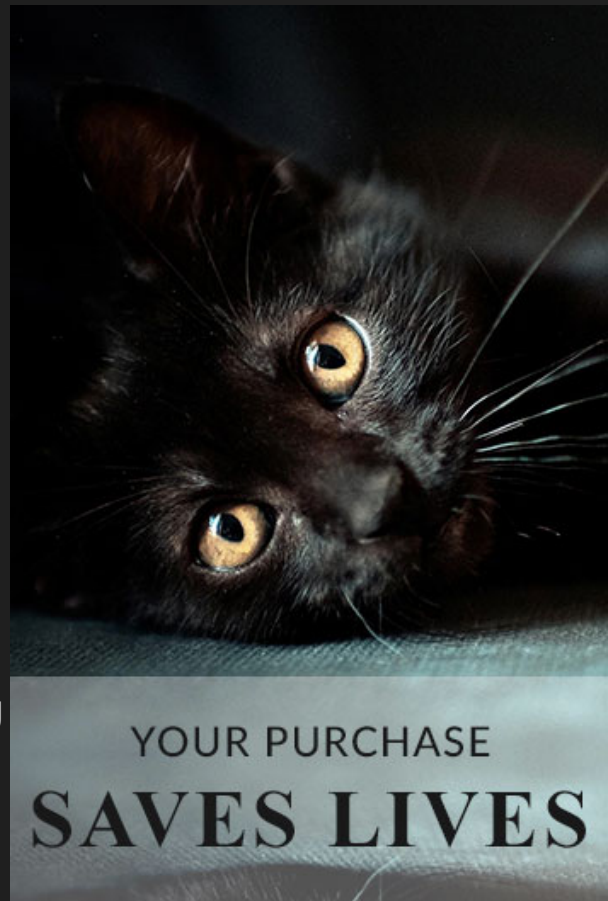

Every year, [over 11,000](#) cats are accepted into animal shelters in the UK. The sad fact is, many of these cats have short lives—and worse, they're being made to suffer.

Scruffy Paws is a business, sure, but first and foremost we love cats. We care about what happens to them. That's why for every Black Friday purchase we receive this year, we'll be donating \$1 of every sale to Alley Cat Allies in the USA

So, please visit our site and check out some of our amazing Black Friday deals. You'll find some great nutrition products there, along with some excellent educational materials for keeping your cat healthy, especially if they're long in the tooth.

And know that, for every purchase you make, you'll be helping some of our feline friends most in need.

Thank you!
